Outdoor Products

Railings

When only the best will do.

Benefits

Who We Are...

Heartland Outdoor Products is a supplier of high quality outdoor living products. Our materials represent the very best of the fence, deck and railing industries and we have chosen our product line with the following components in mind: Beauty, Durability, Low Maintenance, and Ease of Installation.

Service Unparalleled

Heartland Outdoor Products is more than just a material company. Our professionally trained staff will walk you through the entire process, from material selection and design, to the final touches of installation.

Simplify Your Quotes – Our in house estimators will turn any drawing into a line item material list, usually within the same day.

How You Want It – Do you like our standard sections or do you need something special? Let us solve your problems with our custom fabrication shop.

When You Want It – We pride ourselves on the best turnaround times in the industry. In stock standard orders are ready for pickup or delivery in under 72 hours.

Where You Want It – Let our yard staff help you load, or let our delivery service save you the trip.

Beauty

Function is only one half of the story. Our railings will enhance the beauty of any home. We want you to be as proud of our railings as we are.

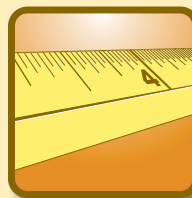

Durability

You want a product that will stand the test of time. Ours are built to last, backed by the best warranties in the business. You can have the peace of mind knowing your investment will be around as long as you will.

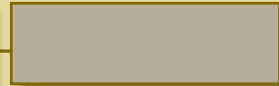

Low Maintenance

We understand how precious your time is, which is why we offer you products you can spend time enjoying rather than maintaining.

Easy to Install

Most good ideas are simple. So are our installation instructions. Whether you are a master carpenter or a weekend warrior you will have little trouble putting everything together.

Vinyl Railings

Unmatched Value – Our best selling railings.

Strength

All railing sections are aluminum reinforced to provide a rigid railing you can rely on.

Low Maintenance

No need to paint, stain or seal these railings, so caring for them is a breeze.

Lasting Beauty

UV protection keeps colors looking rich and consistent while 100% vinyl construction resists warping, cracking, chipping and peeling for a lifetime.
